**Caution:** External email.

To Rochester Planning Department and Rochester Planning Board:

On behalf of the Myhre Family Revocable Trust, we request an extension to the Notice of Decision, dated December 12, 2022 for the approved 5-lot Subdivision # 250-28-A-22.

The only missing item of the Precedent Conditions is item 2) "A demo permit for the second structure on lot 250-28 is required prior to final plan certification to ensure there are not two residential structures on one lot."

Enviro Advantage has been contracted to remove the asbestos and is scheduled to begin on November 29, 2023.

Our request is for a three-month extension. This will enable adequate time for the owners and City inspectors to complete this task.

Thank you for your consideration.

Sincerely,

*Joel D. Runnals, LLS*
